

Solovev Nikita

By this letter, we verify that Solovev Nikita was employed at Andersen from 23.09.2020 to 28.08.2023.

Solovev Nikita commenced employment with us as a Junior JS Developer and concluded their tenure as a Middle JS Developer and has gained experience on 2 projects in the domains of Financial service and on 2 projects in the domains of Healthcare.

Nikita demonstrated excellent communication, technical proficiency, adaptability, and a commitment to continuous improvement, making him a valuable member of the team. His proactive approach and willingness to support his colleagues contributed positively to the team's success.

Nikita actively participated in professional development within the company, which included completing courses in both technical and people management domains.

Sincerely, Yevhen Huba

Head of Department
